Profile

Analytical and proactive Project Manager with 20+ years of experience managing infrastructure and software development projects, with budgets ranging from \$10k to \$1.5M.

Employment History

IT Project Manager at Scholastic Corporation, New York, New York
[March 2007](#) – [Present](#)

Scholastic is an American multinational publishing, education and media company known for publishing, selling, and distributing books and educational materials for schools, teachers, parents, and children. As an IT Project Manager, my core activities include:

- Collaborating with internal and external stakeholders to gather project requirements
- Working with the Project Management Office to determine the project's human capital needs
- Estimating project budgets and writing all necessary documentation for approval
- Overall project governance, including ensuring compliance to industry and government regulations
